POLICY:

1. It is the policy of the Diocese to participate in the Lay Employee Pension System to insure that lay employees receive the benefits and opportunity to plan and contribute for their retirement.

2. The Diocese will participate in the Episcopal Lay Employees’ Defined Contributions Retirement Plan. The effective date of participation is retroactive to January 1, 2010. In accordance with Plan requirements, the Diocese will (1) maintain an updated Employer Adoption Agreement, (2) ensure that contributions are remitted to the Plan administrator in a reasonable time, (3) approve hardship withdrawals upon an lay employee’s request for distribution from his or her account to satisfy immediate and heavy financial needs, and (4) approve and certify loans from the lay employee’s account upon the lay employee’s request.

3. The Diocese will contribute 9% of the base salary for eligible lay employees. Lay employees are not required to match any portion of the Diocese’s contribution. Lay employees
may make salary reduction contributions to the Plan on a pre- or after-tax basis. Lay employees who are age 50 or older may also make pretax “catch-up” contributions to the Plan. The limits for all employee and employer contributions are established and periodically revised by the IRS. Lay employees may change or suspend their payroll deduction at any time.

4. The Diocese will remit its contributions and the lay employees’ contributions (if any) to the Plan administrator twice monthly, on or about the 15th and 30th of the month, as a function of the payroll process.

5. Lay employees must be at least 21 years old, be employed with the Diocese for at least six months, be working 750 hours or more in a twelve month period to be eligible to enroll in the Plan. Once the lay employee is enrolled in the Plan, the Diocese will begin its contribution to the Plan for the lay employee retroactive to the date of employment of the lay employee. The Diocese’s contributions are 100% vested from the lay employee’s enrollment date. Lay employee contributions (including rollover contributions) are always 100% vested. The six month provision does not apply to new hires, if the lay employee was enrolled in the Plan with another Episcopal Church organization,
